

HR10B

Our base model with an added top channel for strength and detail.

STYLE 2

With top channel as well as a higher fence post, this model offers structure and elegance.

To customize the appearance of your fence, you may choose from the following decorative features which can be added to many of the base models.

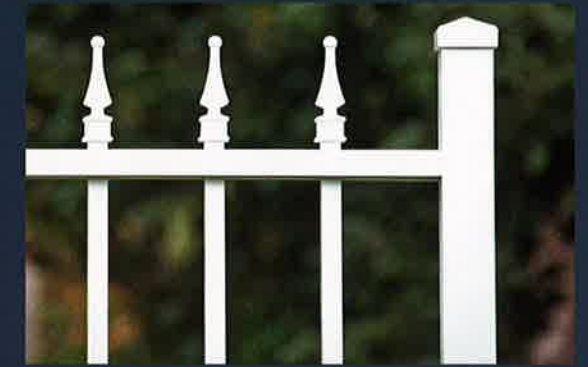

Details include:

- single or double channel
- fleur-de-lis
- spear
- mechanical circles (available on double-channel models only)
